THE GARDLINK SYSTEM

For more than 30 years, the Gardlink system has been the **stock control software of choice** for independent booksellers. Time and efficiency have been a key consideration in the development of Gardlink, resulting in a user-friendly, comprehensive bookshop solution.

Gardlink gives you access to the Gardners' database of 6 million+ catalogue lines of printed and digital books, as well as non-book Entertainment items. Gardlink also offers **seamless integration** with many key industry partners, including BookScan *LITE*, Edelweiss, NearSt, Pubeasy & Batch.

GARDLINK SUPPORT SERVICE

From installation and training to day-to-day use, the support team will work closely with you to ensure all your team can use the system with confidence.

Our Gardlink support team are available via telephone and email 09:00 - 17:30 Monday to Saturday, all year round, so you'll be able to **make the most of the system from the moment you sign up**. On Sundays through December, additional cover is on hand to ensure you have all the support needed during the busy season.

THE FINER DETAILS

Our Terms and conditions

This offer is limited to one bundle per shop, for new Gardlink users. Any additional Gardlink or EPOS hardware can be ordered, but a promotional contribution will not be applied.

Installation and training, for a new system, can be completed remotely, but there is the option of a shop visit, subject to any national restrictions.

This promotion cannot be used in conjunction with any other promotion that offers reduced hardware or support costs for Gardlink & EPOS systems. Your quarterly support charges for Gardlink and EPOS will be billed from the date your new system goes live.

If you opt to cancel your Gardlink or EPOS support within the first 24 months of being switched live, you will be invoiced the value contributed

by Gardners during the offer, of your chosen hardware bundle, in line with the conditions of the promotion.

The contribution to the cost of Gardlink & EPOS hardware can only be applied to hardware sourced and invoiced by Gardners, within this limited period.

Your regional account manager must have received a signed order by the 30th November 2021 for you to qualify for the promotional rate. The installation of the new system needs to be completed and live within 1 month of receiving your order, for the promotional rate to be honoured unless an extension to this period has been agreed upon with your regional account manager. Installations due for either November or December can be postponed until the new year if required.
