9 | BASKETS

ADDING PRODUCTS TO A BASKET

Items can be added to your basket from the search results page or from individual product pages by selecting the **Add to basket button** to the right hand side of the product. Once selected, a dialogue box will appear asking you to either select an existing basket to add the product to, or create a new one.

To select an existing basket, simply choose from the drop down menu. The selected or newly created basket's name will be displayed in the top right hand side of the screen.

A green basket icon with the quantity ordered will be shown against that product on the search results page

10 | BASKETS SWITCHING BASKETS

Once a basket has been selected, all further items will be added to this basket. To use another basket or create a new basket, click on the small arrow to the right of the Add to basket button on the search results page. On a product page use the drop down menu under the Add to basket button.

You are also able to switch baskets using the **Switch Basket** option, which is located in the top right hand corner of every screen under the basket name and total.

11 | BASKETS QUICK CHECKOUT

The Quick Checkout function is accessible from an individual product page or from the drop down menu to the right of the Add to basket button on the search results page.

Quick Checkout will not add items to a basket, but will automatically add the item to DUES, once the order has been confirmed. Clicking on the Quick Checkout button will prompt a confirmation dialogue box where the quantity required and line reference can be added before submitting the order by clicking the Quick Checkout button in the dialogue box.

12 | BASKETS HOME DELIVERY

Home Delivery baskets enable you to place orders for customer collection or for delivery directly to the customers home. To add an item to a Home Delivery order, select Add to Home Delivery from the Add to basket drop down menu. A maximum of 10 lines can be added to a customer order basket, each line can have a maximum quantity of 999.

Once everything has been added to the basket, click on Checkout Home Delivery. You will then be taken to a page where you can choose how you would like the order to be delivered; Store Collection or Home Delivery.
